Rocky Point, NY, 11778 | (516) 343-7535 | Nsm9825@gmail.com | <https://www.linkedin.com/in/nick-san-martin-b0880a12b/>
<https://eportfolio-beige.vercel.app/>

Technical Skills

Programming Languages: TypeScript, JavaScript, HTML, CSS

Frameworks: React, TailwindCSS, Supabase, NextJS, Redux, React Query, React Hook Form

Tools & Other platforms: Vercel, GitHub, Visual Studio Code, React Testing Libraries

Projects

Search API Project

Purpose: Create a React component to fetch and display movie details and related movies based on user queries.

Implementation:

- Used React hooks (*useState*, *useEffect*) for state management and side effects
- Fetched data from OMDB API using *imdbID* and search query from URL
- Implemented error handling and loading states
- Rendered Description and Additional components conditionally

Key Features:

- Dynamic fetching and display of movie details with related movie suggestions
- Error handling and loading indicators
- Reusable components for application-wide use

Discord Clone

Purpose: Real-time chat platform with servers, channels, and video calls.

Implementation:

- Currently building with *Next.js* and *React*, using *TypeScript* for type-safe development
- Implementing real-time features with *Socket.io* and database management using *Prisma* with *MySQL*
- Integrated *Clerk* for authentication, *UploadThing* for file handling, and *Tanstack Query* for data fetching
- Styled with *Tailwind CSS* and *ShadcnUI*, incorporating *LiveKit* for video/audio functionality

Key Features:

- Learn full-stack development with modern technologies
- Practice real-time communication implementation
- Gain experience with scalable solutions and authentication
- Improve skills in UI design and state management

Experience

HANDY PANTRY

Deli Manager Jan. 2023 – Oct. 2023

- Managed deli operations, inventory, and cash audits
- Coordinated team tasks for efficient operations

PETCO

Merchandise Operations Leader July 2021 – Sept. 2022

- Provided operational support and customer service
- Managed vendor relations and supervised deliveries
- Oversaw online order assembly and animal care

Education

Frontend Development Certification | Frontend Simplified

February 5, 2025

Associate in arts | Suffolk County Community College

May 21, 2020
